

# Child Safe Policy

## Purpose

All children at Toronto Tigers Baseball Club have a right to feel safe, protected and included.

This policy is part of our organisation's ongoing commitment to protecting the children in our care from harm and abuse. It:

- outlines the child safe practices our organisation has put in place to minimise the risks to child safety
- sets out what is required from staff, including volunteers and others who interact with our organisation, so they know what is expected from them to keep children safe.
- In the event of a breach of the law, the matter will be reported to NSW Police or other relevant government agency.

---

## Our commitment to child safety

## Definitions of harm and abuse

---

### General definitions

#### **Psychological abuse (also known as emotional abuse)**

This includes bullying, threatening and abusive language, intimidation, shaming and name calling, ignoring and isolating a child, and exposure to domestic and family violence.

#### **Physical abuse**

This includes physical punishment, such as pushing, shoving, punching, slapping and kicking, resulting in injury, burns, choking or bruising.

#### **Sexual abuse**

This includes the sexual touching of a child, grooming, and production, distribution or possession of child abuse material.

#### **Grooming**

This is a process where a person manipulates a child or group of children and sometimes those looking after them, including parents, carers, teachers and leaders. They do this to establish a position of 'trust' so they can then later sexually abuse the child.

### **Misconduct**

This is inappropriate behaviour that may not be as severe as abuse, but could indicate that abuse is occurring and would often be in breach of an organisation's Child Safe Code of Conduct. This could include showing a child something inappropriate on a phone, having inappropriate conversations with a child or an adult sitting with a child on their lap.

### **Lack of appropriate care**

This includes not providing adequate and proper supervision, nourishment, clothing, shelter, education or medical care.

## What the policy covers

---

### Transporting children

Best practice is to always have two adults travelling with children, if not travelling with their parent/guardian/s. If this is not possible, a suitable arrangement must be made between the organisation and the parents of the children. If a child is alone with an adult in a car they must sit on the back seat. Every child should be accounted for at the end of a journey.

---

### Social media use and online communication

Staff and volunteers must never communicate privately with children online or on social media. Any necessary online communication should include the child's parent or carer in the correspondence.

---

### Photography and the use of images

Photos and videos of children can only be taken with the permission of parents or carers. Parents and carers must also approve any images used on our social media channels. It is unacceptable for staff or volunteers to take photos or videos of children, other than their own, on personal devices, or to share images without permission.

---

### Physical contact

Physical contact with children should be kept to a minimum. Everyone involved in the organisation is expected to have healthy physical boundaries with children.

---

### Gifts and benefits

Staff and volunteers must never give gifts to children, or bestow benefits of any kind to a child, unless they have direct permission from the child's parents or carers. The exception to this would be approved club awards.

---

## Secondary employment

Staff members must declare any secondary employment and make sure there are no conflicts of interest associated with the employment.

Staff and volunteers are not allowed to babysit children in our care unless they know the family or carer outside the organisation. If this is the case; they must let the organisation know that this arrangement is in place so it can be documented.

---

## Out of hours contact with children

Staff and volunteers must let us know about any out-of-hours contact they have with children in our care. It is unacceptable for staff or volunteers to participate in the lives of children outside the organisation without a valid reason. Professional boundaries with the children in our care must be maintained at all times.

---

## Illness and injury management

Injuries must be reported to the first aid officer on duty and first aid administered in a safe space within lines of sight of other adults.
